OVERALL HEALTH & ORAL HEALTH ARE **CONNECTED**

The mouth is the gateway to the body—poor oral health can lead to infections, inflammation, and other chronic conditions.

DID YOU KNOW?

64%

of Americans only go to a physician or dentist when something feels "extremely wrong"

53%

say it is difficult to access health care

35%

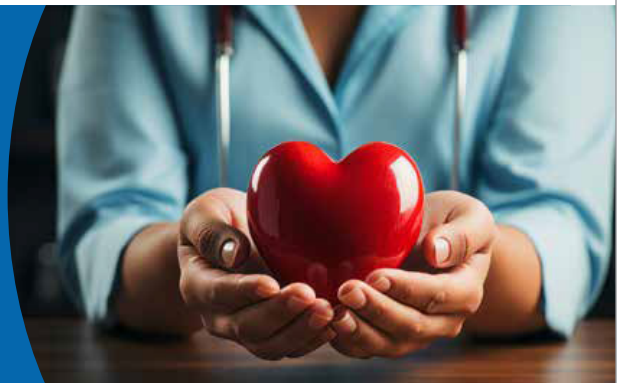

say they would benefit from more information and education about the importance of screenings and routine care

Let's educate patients, together!

OUR PARTNERS:

 HENRY SCHEIN

PROSPER 

YOUR COMMUNITY HEALTH ONE DISTRIBUTION SOLUTION

Through our new optimization program, PROSPER, we aim to streamline the distribution channels for your medical and dental supplies, optimize inventory management, and enhance the overall resilience and effectiveness of your Community Health Center operations.

DENTAL & MEDICAL SUPPLIES

Competitive pricing and access to the most enhanced supplier contracts and portfolio in the industry.

BUSINESS SOLUTIONS

Negotiation of optimal discounts on essential CHC-focused business solutions.

EQUIPMENT & TECHNOLOGY

Offers a diverse array of medical and dental equipment and technology.

SUPPLY CHAIN EXCELLENCE

Supplier relationships and strategically located distribution centers facilitate timely access to supplies and services and minimize the risk of disruptions.

TECHNICAL SERVICE & REPAIRS

In-office technical service at 44% off local labor rates and a 15% discount on off-site repairs.

To learn more about PROSPER or to enroll at **no charge, please contact your local Field Sales Consultant.**

Thank you for helping us raise more than
\$3.2 million to help health happen!

ANESTHETICS

Lidocaine HCl 2% with Epinephrine Injection, USP

HENRY SCHEIN®

1.7-mL Anesthetic Cartridges

- Validated siliconization process: ensures smooth injection
- Meets all FDA requirements: allows total flexibility in brand selection
- Color-coded stoppers and labeling: easy identification of each anesthetic formula
- Mylar® wrap: prevents breakage
- Blister packaging: no glass/glass contact

1:100,000, Red

(465-1205).....50 per Box

Contains: 5 blister packs of 10 cartridges per package.

1:50,000, Green

(465-0015).....50 per Box

Contains: 5 blister packs of 10 cartridges per package.

Approved for sale only to licensed practitioners in the U.S.

Septocaine® 4% and Epinephrine SEPTODONT

Articaine hydrochloride 4% with epinephrine.

Cartridges..... 50 per Box

Specify:

1:100,000 **(228-8210)** 1:200,000 **(228-0944)**

BufferPro™ SEPTODONT

One-step, single-use anesthetic buffering solution. Sterile solution of sodium bicarbonate and water, which neutralizes the pH of dental anesthetics prior to injections, reducing patient discomfort.

0.1 mL Capsules

(228-6623)..... 25 per Pkg.

Premium Dental Needles—Plastic Hub

HENRY SCHEIN®

Double-silicone coating reduces pain and tissue trauma. Thinner needle wall increases flexibility. Features a softer and less aggressive hub and sheath. Rounded hub provides gentler contact against cheek and gum. No ribs on hub where blood can coagulate. Shorter butt end and larger bore for easier aspiration. Indicating mark on hub for simple identification of triple-bevel position. Round cutting edge protects gum. Seals and hubs are color coded. Plastic hub screws on both metric and imperial syringes. Sterilized.

Disposable..... 100 per Box

Specify:

30 Ga. X-Short—Blue ¾"

(900-1888)

30 Ga. Short—Blue 1"

(900-1887)

27 Ga. Short—Yellow 1"

(900-1886)

27 Ga. Long—Yellow 1½"

(900-1885)

25 Ga. Short—Red 1"

(900-1884)

25 Ga. Long—Red 1½"

(900-1883)

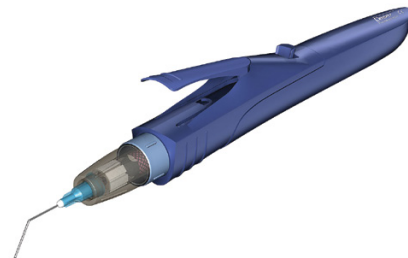

Aspirating Syringe HUFRIEDYGROUP

Syringe..... Ea.

Specify:

A Type **(600-3142)** C-W Type **(600-2004)**

Oraquix® DENTSPLY SIRONA

(Lidocaine and Prilocaine Periodontal Gel 2.5%/2.5%)

Patient-friendly, needle-free application that is ideal for those requiring local anesthesia in periodontal pockets during scaling and/or root planing. Applied to the gingival margin and then to the periodontal pocket. Dispenses as a liquid and sets as a gel. Fast 30-second onset provides 20 minutes of anesthesia. Do not inject. Do not use on children.

Oraquix® Gel

(555-0626)..... Ea.

Contains: 20—1.7 Gm. cartridges & 20 blunt-tipped applicator tips.

Benzo-Jel™ Topical Anesthetic Gel

HENRY SCHEIN®

20% benzocaine gel that provides effective relief of discomfort from local anesthetic injections, periodontal curettage, impression taking, and intraoral radiographs. Great-tasting flavors increase patient acceptance. Quick onset with no bitter aftertaste prevents excessive salivation with minimal wash-away. Gluten-free.

1 oz. Jar.....Ea.

Specify:

Banana **(570-0366)** Mint **(570-0363)**

Bubble Gum **(570-0362)** Piña Colada **(570-0364)**

Cherry **(570-0361)** Raspberry **(570-0365)**

Grape **(570-0344)** Strawberry **(570-0360)**

CEMENTS & LINERS

3M[®] RelyX[™] Luting Plus Automix SOLVENTUM, FORMERLY 3M HEALTH CARE

Resin-modified, glass-ionomer cement packaged in a handheld automix syringe. Tack light-cure option for faster removal of excess cement.

Value Package #3535
(777-0454)..... Ea.
Contains: 3–8.5 Gm. handheld automix syringes & 36 mixing tips.

GC Fuji PLUS[®] Capsules GC AMERICA

Refill Package
(333-3522)..... 48 per Box

GC FujiCEM[®] 2 GC AMERICA

Resin-modified, glass-ionomer luting cement. Powered by F(2) Flex Fuse Technology, which improves indirect restorations with increased strength, high fluoride release, low film thickness, and excellent marginal integrity. Use on all types of metal, resin, alumina, and zirconia-based inlays, onlays, crowns, and bridges. Radiopaque.

Refill Package with Tips
(333-3664)..... Ea.
Contains: 2–13.3 Gm. cartridges & 42 mixing tips.
Refill Package without Tips
(333-3665)..... Ea.
Contains: 2–13.3 Gm. cartridges & 1 mixing pad.

Compare to Ultradent Ultra Blend[®] Plus

Lime-Lite[™] Enhanced PULPDENT

Light-cure, fluoride-releasing cavity liner/base material formulated for use with adhesives. Improved moisture-friendly formula and greater adhesion to dentin. Greater release of calcium and phosphate. Offers high compressive strength and wear resistance without any sensitivity. For use with adhesives, composites, and conventional restorative materials.

Complete Kit
(384-0184)..... Ea.
Contains: 4–1.2 mL syringes & 20 applicator tips.
Syringe Refill
(384-0183)..... Ea.
Contains: 1–3 mL syringe & 20 applicator tips.

Ketac[™] Cem Maxicap[™] SOLVENTUM, FORMERLY 3M HEALTH CARE

Capsulated glass-ionomer luting cement. Maxicaps are larger than Aplicaps and require the use of Maxicap Activator and Applier.

Refill Capsules #56021
(378-0529)..... 50 per Box

Gluma[®] Desensitizer KULZER

Fast and effective results with no mixing or curing. Can be used for treating cervical hypersensitivity; pretreating, priming, and bonding direct-composite restorations; pretreating prior to placing compomer or amalgam restorations; after crown & bridge preparation; and pretreating prior to crown & bridge cementing and bonding.

Standard Package
(665-8141)..... 5 mL
Single-Dose Applicators–0.075 mL
(665-0090)..... 40 per Pkg.

Vitrebond[™] Plus SOLVENTUM, FORMERLY 3M HEALTH CARE

Light-cure glass-ionomer liner/base. Packaged in the convenient Clicker[™] dispensing system for a faster, easier, and more consistent mix. Fluoride release of a true glass ionomer.

Single Pack #7571
(777-5630)..... Ea.
Contains: 1–10 Gm. Clicker[™] dispenser, 1 large mixing pad, 1 technique card & instructions.

Double Pack #7572
(777-6083)..... Ea.
Contains: 2–10 Gm. Clicker[™] dispensers, 1 large mixing pad, 1 technique card & instructions.

Ionoseal VOCO

One component, light-cured, resin-modified glass-ionomer liner. Can be directly applied from the syringe with a 20-second light cure of 2mm. Acid-resistant and fluoride releasing for protection against secondary caries. Radiopaque and highly biocompatible.

Complete Pack
(949-8860)..... Ea.
Contains: 3–2.5 Gm. syringes & application tips (Type 41).
Application Tips–Type 41
(949-8570)..... 100 per Pkg.

TempBond[®] Clear[™] KERR

Dual-cure, temporary, resin-based cement with triclosan. Used for cementation of temporary and provisional restorations such as crowns, bridges, inlays, and onlays. Flexible and translucent when cured.

Handheld Automix Syringe
(123-4847)..... Ea.
Contains: 1–6 Gm. automix syringe & 10 mixing tips.
Automix Tips
(123-8703)..... 50 per Box

LuxaCore Z Dual Simply **strong**, from **root to crown**

Choose the award-winning, premium composite with added Zirconia filler for core build-up and root post cementation.

everX Flow™

Short-Fiber Reinforced Flowable Composite for Dentin Replacement

- Highly fracture-resistant composite substructure for dentin replacement; veneer with conventional composite
- May be used in bulk-filling and core build-up applications, as well as larger cavities with weakened or cracked tooth structure
- Glass microfiber and full coverage silane technologies strengthen restorations, similar in principle to iron rebar in construction
- Injectable viscosity, will not slump, easily adapts to challenging preparations
- Biomimetic technique may be used routinely for coronal restorations and larger cavities in high stress-bearing areas

everX Flow™ Syringe Refills:

Contains: One 2mL syringe and 20 dispensing tips.

[333-5319] Dentin Shade [333-5318] Bulk Shade (Translucent)

Buy \$1,300 of Light-Cured Restorative or Cement Products, **Get 1 The Light!***

Excludes GC Fuji I® powder/liquid, GC Fuji ORTHO™ products, G-COAT PLUS™, GC ORTHO GEL CONDITIONER and UniFil® Bond products.

G-Premio BOND™

Single-Component Light-Cured Adhesive for Bulk Fill Restorations

- New bottle design with flip-top cap for better dispensing control
- Flexible for use in total, selective and self-etch bonding techniques
- Fast application (10 seconds)
- Excellent stability with extended working time (up to 5 minutes)

[333-4937] G-Premio BOND™ Kit:

Contains: One bottle (5mL), 50 disposable applicators and 20 disposable dispensing dishes.

[333-4938] G-Premio BOND™ Bottle Refill:

Contains: One bottle (5mL).

[333-3990] G-Premio BOND™ Unit Dose Refill:

Contains: 50 unit doses (0.1mL) and 50 disposable applicators (fine).

Unidose® Refills
(123-3029)..... 100 per Pkg.

Omnichroma® TOKUYAMA DENTAL AMERICA

Single-shade universal composite. Spherical fillers, combined with Smart Chromatic Technology, create structural color matching of surrounding tooth color. Minimal wear with high compressive and flexural strength. Stain resistant to maintain cured color with glossy results. Opaque white before curing, blending naturally after curing. Blocker material used as a lingual layer in large Class III and IV cases.

PLT Refills—0.20 Gm.
(721-1022)..... 20 per Pkg.

Filtek™ Supreme Flowable Restorative SOLVENTUM, FORMERLY 3M HEALTH CARE

Flowable composite with unique nanotechnology that offers enhanced aesthetics and high wear resistance. Updated ergonomic syringe designed for improved comfort and easier injection of material. Use in anterior and posterior restorations, including liner/base and all Classes I–V. Flow-on-demand handling, excellent polish retention, and improved fluorescence.

Syringe Refill #6032
A2
(777-2467).....2 per Pkg.
Contains: 2–2 Gm. syringes & 20 dispensing tips.

CROWN AND BRIDGE

MaxiTemp® Temporary Crown and Bridge Material

HENRY SCHEIN®

Automix temporary crown and bridge material for creating temporary crowns, bridges, inlays, onlays, and veneers. Long lasting and durable. Features high flexural and compression strength, which resists fractures. Low self-curing temperature protects dental pulp from damage, offering a more comfortable patient experience. Advanced technology keeps water absorption at the lowest level possible to provide color stability, increase moldability, and avoid material failure. Natural aesthetics is achieved through shade opacity and fluorescence. Easily trimmed, finished, and polished, saving time during the procedure. Self-curing and moldable formulation. High-performance cartridges available in 3 different mix ratios: 4:1, 10:1 and 1:1.

MaxiTemp® Temporary Crown and Bridge Material 1:1

A2
(570-3515).....Ea.
Contains: 1–50-mL cartridge & 6 mixing tips.

Miracle Mix® Capsules

GC AMERICA

Precapsulated version of the popular silver-alloy/glass-ionomer cement.

Capsules

ENDODONTICS

Endo Cool Spray™ HENRY SCHEIN®

Environmentally safe (no CFCs), cold-stimulus spray for diagnosing pulp vitality. Fast and easy to use. Extremely cold at -26.2°C. No refrigeration needed. Nonflammable. Fresh Vanilla scent.

(112-5056)..... 10 oz. Can

Traverse™ Rotary Glide Path Files KERR

NiTi rotary file with special heat treatment for high torsional strength. Establishes a smooth and reproducible glide path after root-canal negotiation. Maximum flute diameter in 1mm reduces dentin removal in the coronal part (compared to same-size progressive taper). Variable pitch and helical angle reduce debris accumulation on flute. Reduces "screw-in" effect. Triangular cross session for better cutting efficiency. Presterilized file is ready to use, does not need sterilization, and is single use for more convenience. Files are available in 17mm, 21mm, 25mm, and 31mm lengths; tips are available in 0.13 and 0.18; and taper is 0.06.

QUATTROcare® Plus Maintenance Unit KAVO

Automatic cleaning, lubricating, and purging for up to 4 handpieces or air motors at one time. Chuck-care adapter is included for once-per-week cleaning and caring for handpiece chucks to maintain gripping force, reliability, and long service life. Easy-to-use, flexible programming allows operator to choose and set total cycle time from 20 to 45 seconds per handpiece. System can be used for virtually all manufacturers' high speeds, low speeds, contra angles, straight handpieces, air-driven scalers, and air motors. Extends handpiece life by providing superior cleaning and lubricating compared to manual cleaning. Simply connects to ¼-ft. air line (58–87 psi ideal air pressure, 145 maximum psi; built-in automatic pressure regulator controls flow). For use with QUATTROcare Plus Spray. 120-V, 50–60-Hz, 20-amp electrical connection. Provides an additional 6-month warranty on most models of KaVo handpieces. 1-year warranty.

Dimensions: 15"H x 13⅞"W x 11½"D

IMPRESSION MATERIAL

Blu-Bite® HP

HENRY SCHEIN®

Mousse-like, fluffy vinyl-polysiloxane material. Used for bite registration, copying transfers, and primary impression with bite trays. Blue thixotropic material has an excellent durometer of over 85 and flows easily, yet will not sag or run. The high-performance cartridge allows easier dispensing of material. Regular Set (2:30 total work/set time), Fast Set (1:30 total work/set time), and Super Fast Set (1:00 total work/set time). Rigid is ultrahard with a Shore hardness of greater than 90. Gluten-free.

Complete Kit..... Ea.

Specify:

Regular Set—Unflavored	(102-5178)
Fast Set—Unflavored	(102-3597)
Fast Set—Mint	(102-4779)
Fast Set—Berry	(112-5806)
Fast Set—Vanilla	(112-6996)
Fast Set—Rigid-Unflavored	(107-3642)
Fast Set—Rigid—Mint	(107-2155)
Super Fast Set—Unflavored	(102-9357)
Super Fast Set—Mint	(102-5593)
Super Fast Set—Berry	(112-5807)
Super Fast Set—Vanilla	(112-6997)

Contains: 2–50 mL cartridges, 6 mixing tips & 2 ribbon tips.

Alginit™ Alginate Alternative KERR

Polyvinylsiloxane “alginate alternative” impression material. Delivers exceptional accuracy and performance. Indicated for preliminary impressions, provisional crown and bridge impressions, study models, registration/opposing dentition impressions, impressions for orthodontic models, sports guards, bleaching trays, and more.

Disposable Impression Trays

HENRY SCHEIN®

Strong, light blue plastic. Rigid, distortion-free, preshaped, readily trimmed or flame softened for adjustments. Not made with natural rubber latex.

- Ergonomically designed handle: minimizes interference while seating tray in mouth
- Rigid structure: minimizes distortion of impression
- Disposable: helps provide aseptic practice
- Thermoplastic: can be custom adjusted by heating or trimming
- Compatible with cold sterilization: can be disinfected

Cartridge Dispensing—50 mL

YOUNG
INNOVATIONS

Creating Smiles, Creating Possibilities

GUM® Monsterz Toothbrush SUNSTAR AMERICAS, INC.

Unique Dome Trim® bristle design features raised center-row bristles that have been trimmed to form a dome shape, providing greater contact with the tooth surface and longer reach underneath the gum line. Softer and slightly more flexible outer-row bristles gently clean under the gum, while the slightly stiffer center-row bristles clean the tooth surface. Ergonomic handle design makes it easy for small hands to hold, and the suction-cup base holds the toothbrush upright when not in use to help keep bristles clean and reduce countertop clutter.

Soft.....12 per Pkg.

(125-0917)..... 144 Pkg. per Box

Curodont™ Repair Fluoride Plus VVARDIS

Address early caries lesions with this noninvasive dental solution, designed to proactively combat early caries through guided enamel remineralization. It utilizes a biomimetic formulation that enables fluoride, as well as calcium and phosphate from saliva, to diffuse into the lesion, initiating the remineralization process. Simply apply and allow it to do the work of not only repairing enamel over the course of several weeks, but also aiding in the prevention of cavity progression. Does not stain, works on all surfaces, and is suitable for patients of all ages.

(687-0057)..... 10 per Pkg.

X-RAY

Digital Sensor Sleeves

Disposable digital sensor barriers to help prevent cross contamination and protect sensor. Universal. Fit all size 1 and 2 digital sensors.

Sleeves..... 500 per Box
Specify:
Size 1 (112-5545) Size 2 (112-5546)

instadose™ + Dosimeter*

IC CARE

Automatic dose reader captured by iPhones, iPads, or PCs. High-dose notification alerts and online badge reassignment. System simplifies the administration of any radiation monitoring program and eliminates the badge-collection process. Online report access eliminates the need to archive and distribute results. RSO-defined read intervals for dose trending. Able to track and lower doses for high-risk employees. Immediate email notification when wearer exceeds specified dose level.

Specify:
Blue (131-0120) Annual Badge—Pink (131-0118)
Green (131-0121) Red (131-0119)
Orange (131-0117)
Annual Badge..... Ea.

XIOS® Intraoral Digital Sensor Holders DENTSPLY SIRONA

Disposable, self-adhesive "sticky-backed" sensor holders. More Control with the peel-and-stick adhesive as it firmly secures the sensor to the holder. Easy and accurate placement of sensors makes even the most difficult shots easy to obtain. Holders are color coded. Fits all types of sensors. Holders can be used with your existing rings and positioning arms. Tabs can be used with hemostats.

Sensor Holders..... 100 per Pkg.
Specify:
Anterior Holder—Blue (811-2762)
Posterior Holder—Yellow (811-4246)
Bitewing Holder—Red (811-5465)

Universal Bite Tab—Green (811-3121)..... 100 per Pkg.

Endo Tab—Grey (811-9012)..... 50 per Pkg.

Hygienic Sleeves

Sensor Sheaths..... 300 per Box

Specify:

Regular	Plus
Size 1 (811-5847)	Size 1 (811-0044)
Size 2 (811-8372)	Size 2 (811-0047)

EzAim™ X-Ray Positioning System PAC-DENT

Disposable, self-adhesive sensor holders with peel-and-stick adhesive technology that firmly secure digital sensors to holders. They are color coded for easy identification, can be used with existing aiming rings and positioning arms, and fit all types of sensors.

Aiming Ring..... Ea.

Specify:
Anterior—Blue (191-0200)
Bitewing—Red (191-0201)
Posterior—Yellow (191-0202)
Endo—Green (191-0203)

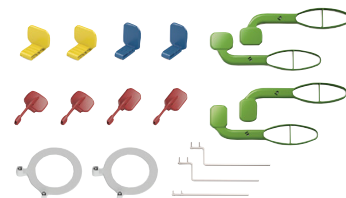

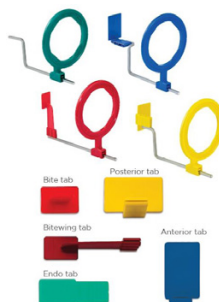

Positioning Arm..... Ea.

Specify:
Anterior—Blue (191-0196)
Bitewing—Red (191-0197)
Posterior—Yellow (191-0198)
Endo—Green (191-0199)

Sensor Holder
Tabs..... 100 per Pkg.

Specify:
Anterior—Blue (191-0204)
Bitewing—Red (191-0206)
Posterior—Yellow (191-0205)
Endo—Green (191-0207)

Bite Tabs—Red (191-0183)..... 50 per Pkg.

DEXIS® Platinum Sensor Holders DEXIS, LLC

Platinum Holder Kit

(114-8040)..... Ea.
Contains: 12 holders (2 posterior, 2 anterior, 4 bitewing & 4 handheld), 2 universal rings & 3 aiming bars.

Holders..... Ea.

Specify:

Anterior (114-0290) Horizontal Bitewing (114-1521)
Posterior (114-5308) Vertical Bitewing (114-8448)

Handheld Holders..... 2 per Pkg.

Specify:

Vertical (Anterior) (114-8305)
Horizontal (Posterior) (114-6170)

Endodontic Holder Set

(114-3011)..... Ea.
Contains: 4 holders, 1 ring & 1 endo aiming bar.

Simultaneously tests for COVID-19, influenza A and influenza B with **one**, patient-friendly nasal swab.

- Easy-to-use
- Test and treat during visit
- Results in 15 minutes
- Complexity: Waived*

Available in professional and over-the-counter (OTC) formats

**Contact your Henry Schein Representative
for additional information.**

With the BD Veritor™ Plus System

Swab. Test. Treat.

Quickly detect **Influenza A, Influenza B, and COVID-19*** with a single test this respiratory virus season, with clear, reliable, **digital results in 15 minutes or less.****

Contact your authorized distributor partner to learn more or call us. For expedited service, say *Veritor* at the prompt **1.844.823.5433** or visit **BDVeritor.com**

*In the USA, the BD Veritor™ System for Rapid Detection of SARS-CoV-2 & Flu A+B has not been FDA cleared or approved but has been authorized by the FDA under an Emergency Use Authorization for use by authorized laboratories; use by laboratories certified under the CLIA, 42 U.S.C. §263a, that meet requirements to perform moderate, high, or waived complexity tests. The product is authorized for use at the Point of Care (POC), i.e., in patient care settings operating under a CLIA Certificate of Waiver, Certificate of Compliance, or Certificate of Accreditation. This product has been authorized only for the detection of proteins from SARS-CoV-2, influenza A and influenza B, not for any other viruses or pathogens; and, in the USA, the emergency use of this product is only authorized for the duration of the declaration that circumstances exist justifying the authorization of emergency use of in vitro diagnostics for detection and/or diagnosis of COVID 19 under Section 564(b)(1) of the Federal Food, Drug and Cosmetic Act, 21 U.S.C. §360bbb-3(b)(1), unless the declaration is terminated or authorization is revoked sooner.

**The BD Veritor™ Plus System delivers results in 15 minutes or less. Assay specifics: SARS-CoV-2 = 15 minutes, Flu A+B = 10 minutes, RSV = 10 minutes, Group A Strep = 5 minutes

Faster Results, Better Care

Same-visit Chlamydia and Gonorrhea Test & Treatment.

Persisting rates of chlamydia and gonorrhea (CT/NG) infections remain a significant concern in the public health space. But results can take days to complete¹. This puts providers in a difficult position: empirically treat or risk delaying care.

With the binx *io*, CT/NG test results are made available in minutes rather than days. A true test & treat model for chlamydia and gonorrhea can decrease the the risk of empiric treatment, loss to follow-up and further infection spread.^{2,3}

The binx *io* device is the first FDA (510k), CLIA-waived, molecular PCR CT/NG test for males and females in about 30 minutes enabling clinics to deliver central lab equivalent test accuracy, in-house.

Let binx health support you provide better quality care in an affordable way that puts your providers and patients first.

binx health Product	Henry Schein Part Number
binx health <i>io</i> Molecular Diagnostic Instrument	146-7976 OR 147-4888*

Triage® System

QuidelOrtho™

Lab quality results at point-of-care speed. With its comprehensive menu, the Triage system is an easy-to-use system that provides the reliable diagnostic answers you need to make rapid, cost-effective treatment decisions at the point of care.

Easy to use for fast results

Runs whole blood, plasma or urine samples to generate quick results in 15-20 minutes. Patient sample testing is a simple three-step procedure with user-friendly test cartridges that are easy to manage.

Accurate lab quality results

Test cartridges utilize advanced microfluidics and internal controls for providing consistent accurate results. Its diverse immunoassay menu delivers reliable diagnostic answers for quantitative troponin I, CK-MB, myoglobin, BNP, NT-proBNP, d-dimer and qualitative TOX drug screen.

Learn more about the Triage system by visiting quidelortho.com, or reaching out to your Henry Schein representative.

New QuidelOrtho branding may not be available in all markets, subject to country-specific regulatory approval. Please confirm with your local commercial team.

NEW!
BinaxNOW™
COVID-19/Flu A&B Test
ABBOTT

A lateral flow immunochromatographic assay intended for the qualitative detection and differentiation of influenza A and influenza B nucleoprotein antigens and SARS-CoV-2 nucleocapsid protein directly in anterior nasal swab samples from individuals with signs and symptoms of respiratory tract infection.

- Visually read, lateral flow technology with 3 results from a single swab
- Test cassette format with results in 15 minutes
- Room-temperature storage with all components included in kit for patient testing
- For non-prescription use

#20002054
(148-3814).....25/kit

NEW!
FebriDx® Point-of-Care Rapid Test
LUMOS

This rapid point-of-care test uses a fingerstick blood sample to aid in the differentiation between bacterial infection and nonbacterial etiology. Intended to be used in urgent and emergency care settings. FebriDx External Controls are used as assayed quality-control samples to assess the performance and reliability of the FebriDx test.

- Results after 10 minutes increases confidence in whether or not to prescribe an antibiotic
- Highly sensitive/specific dual biomarker technology provides reliable differentiation of bacterial and nonbacterial infections
- All-in-one, instrument-free test device means no expensive equipment and a fully portable solution

#CP0014, FebriDx Rapid Test Device
(146-1919).....25/box

#CP0007, FebriDx External Controls
(146-1920).....ea

Contains: 1 positive control, 1 negative control & 44 pipettes (2 bags x 22 pipettes).

NEW!
i-STAT® Handheld System
ABBOTT

Real-time, lab-quality results in minutes—not hours. The i-STAT® Handheld is an advanced, easy-to-use blood analyzer that provides a wide range of tests using just 2 or 3 drops of blood

- Speed: With components of a full-scale lab in each cartridge, results occur in minutes
- Accuracy: A unique combination of biosensors and calibrants deliver high-quality results
- Reliability: Single-use cartridges reduce many of the problems inherent in multi-use systems

Cardiac Marker Tests—Results in 10 Minutes
(CK-MB Results in 5 Minutes)

#09P81-25, i-STAT High-Sensitivity Troponin (hsTnI) Test Cartridge, Moderately Complex
(148-3789)..... 25/box

NEW!
Xprecia Prime™
Coagulation Analyzer
UNIVERSAL BIOSENSORS

This portable coagulation monitoring device is small, accurate, and easy to use. Designed for fast and reliable PT/INR testing, it provides results in less than 1 minute. CLIA waived.

#90306, Xprecia Prime™ Coagulation Analyzer
(148-6381).....ea

#90506, Xprecia™ Liquid Quality Control Kit Levels 1 and 2

For use with the Xprecia Stride™ and Xprecia Prime™ Coagulation Analyzers. The kit contains assayed controls for the assessment of precision and accuracy in the normal (Liquid Quality Control PT1) and therapeutic (Liquid Quality Control PT2) range for the prothrombin time (PT).

(148-6383).....ea

#30106, Xprecia Prime™ PT/INR Test Strips
Designed for use with the Xprecia Prime™ Coagulation Analyzer. Each test strip contains specially formulated dry reagents that allow PT/INR to be measured by the Xprecia Prime™. These reagents trigger the electrochemical detection that enables quick and precise results to correlate with benchtop analyzers in the laboratory. CLIA waived.

(148-6379).....100/box

NEW!
DASH® SARS-CoV-2 & Flu A/B Test
NUCLEIN

Provides qualitative PCR test results in 15 minutes at the point of care, allowing the user to test and treat with increased confidence in a single patient visit.

- FDA-cleared, CLIA-waived
- Sensitivity: SARS-CoV-2: 95.2%, Flu A: 94.3%, Flu B: 97.3%
- Specificity: SARS-CoV-2: 99.5%, Flu A: 98.1%, Flu B: 99.2%
- Anterior nasal swab sample collection rather than more invasive nasopharyngeal swabs
- Test up to 30 specimens per 8-hour shift*

#CN-0006, Test
(148-3897).....20/case

#CN-0008-CON, Control, Negative/Positive
(148-3899).....5/case

#CN-0012, Sample Collection, Additional
(148-3900)..... 20/case

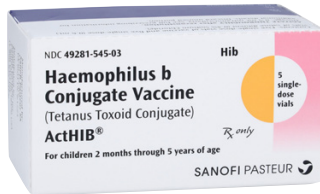

#CN-0230, Printer Paper
(148-3901).....4/pkg

*The DASH SARS-CoV-2 & Flu A/B Test requires up to 1 minute of hands-on time and has a 15-minute test time, which allows for up to 30 tests to be processed in a standard 8-hour workday.

Ear Wash System

A safe and effective option for the removal of earwax (cerumen).

- Flexible hose and rigid tube options include the bottle of ear wash fluid, trigger mechanism, and 3 tips
- Accessories, including a basin, additional tips, and splash shields for the rigid tube unit, are sold separately*
- Basin is ergonomically molded to fit under the ear
- Simply fill the bottle with warm water, secure the trigger mechanism onto the bottle, twist a disposable tip into the end of the nozzle, and press the trigger to pump the water through the nozzle into the ear
- User should place the basin under the ear to catch the water being flushed out

i.Series® iPR120-GX Pharmacy Refrigerator
HELMER SCIENTIFIC

20.2-cu-ft Capacity, Glass Door, 2 to 10°C
GX Solutions and the i.C3® Information Center set i.Series® models apart by providing a professional medical-grade refrigerator with advanced monitoring and control. This pharmaceutical-grade refrigerator is designed for storing medications, vaccines, and other pharmaceuticals. It is NSF/ANSI 456 vaccine storage-certified and provides superior stability, uniformity, and recovery. It also has the added benefits of quiet operation, low heat output, and energy savings, all thanks to the advanced OptiCool™ technology.

- Provides continuous temperature monitoring, event logs, temperature graphs, and more
- Designed specifically for the central pharmacy, medication rooms, clean rooms, satellite locations, and outpatient clinics
- 50–65% more efficient than traditional technology
- Quiet operation (47 dB) to create fewer distractions and better working environment
- Audible and visual alarms include power failure, high- and low-temperature alarms, door ajar, condenser temperature, and low battery
- Includes Certificate of Calibration generated with an ISO 17025 reference thermometer
- Energy Star® certified

HELMER SCIENTIFIC

5.3-cu-ft Capacity, Solid Door, -15 to -30°C
A GX Solutions professional medical-grade, -30°C freezer. Designed for the unique needs of critical health care applications, such as storing samples, reagents, controls, and frozen vaccines. It delivers optimized control in 3 important areas: temperature, noise, and energy management.

- Powered by OptiCool™ technology, this freezer provides improved performance and user experience through energy efficiency, low noise levels, and stable storage environments to safeguard valuable patient samples, frozen vaccines, and more
- 30% more efficient than traditional technology
- Digital microprocessor temperature controller, with built-in alarms, includes minimum/maximum display and reset
- Energy Star® certified
- Powerful i.C3® Information Center is exclusive to i.Series® models and provides constant temperature monitoring, multiple information logs, and security features
- GX Solutions is the first professional medical-grade line of freezers for clinical laboratories, pharmacies, and other health care facilities
- NSF/ANSI 456 Vaccine Storage Standard certified

#5222105-1
(141-9439)..... Ea.

High-Performance Undercounter Medical Freezer
PHC CORP OF NORTH AMERICA

Designed to maintain temperatures between 5°F and -13°F (-15°C and -25°C) with a tight uniformity of ±5°C for storing critical vaccines and biologics, this model is engineered to meet CDC guidelines in a small footprint. Precise temperature control and uniformity protect vaccine and biologic viability whether the unit is loaded or empty.

- Capacity: 5 cubic ft
- 3 coated steel wire shelves: 19.2" x 14.75"
- Temperature control range: 5°F to -13°F (-15°C to -25°C) in 0.1°C increments
- Alarms: high/low temperature
- Refrigerant: 6-600a
- Door swing: right hinge
- Exterior dimensions: 34.1"H x 23.8"W x 23.7"D
- Interior dimensions: 25.6"H x 19.9"W x 17.1"D

#PF-L5181W-PA
(141-5626)..... Ea.

General-Purpose Freestanding Undercounter Refrigerator
AMERICAN BIOTECH SUPPLY (ABS)

Intended for general-purpose applications only where precise temperature control and maintenance are not essential and there are no requirements for temperature alarms.

- Swing door with keyed door lock
- 3 shelves (1 fixed/2 adjustable)
- Interior light
- HFC-free refrigerant (R600A), foam insulation, and packaging
- UL/C-UL listed
- Temperature range: 0°C to 10°C
- Capacity: 5 cu ft
- Exterior dimensions: 20¼"W x 22" D x 31½"H
- 1-year parts and labor warranty

#ABT-HC-UCFS-0504W
(125-4697)..... Ea.

This unit must have 4" clearance on sides and back for adequate ventilation.

Safety Hypodermic Needles and Syringes

From a Name You Can Trust.

Features & Benefits:

- 3 single-handed safety activation methods: hard-surface, thumb, or finger
- Double-locking mechanism with an audible “click”
- Needle hub-compatible with all standard Luer lock and Luer slip-tip syringes
- ISO color coded—easy and quick identification of the needle gauge
- Bevel-up needle—allows for low-angle injections

SOL-CARE™ Luer-Lock Syringes with Safety Needles

SOL-MILLENNIUM

Allows for single-handed activation of safety feature. Safety mechanism is an integrated part of the needle and provides an audible click to indicate safety activation. Can be used with any standard Luer-lock or slip-tip syringes. Bevel-up needle allows for low-angle injections. Once activated, needle remains securely fastened via a double-lock mechanism.

I.V. Medication Delivery

From A Name You Can Trust.

Medication Delivery Sets and Connectors

Henry Schein provides market-leading infection control technologies to help minimize bacterial contamination. We carry a wide selection of injection and needle-free medication delivery ports to meet a variety of medication delivery needs.

Features & Benefits:

- Flat top needle-free valve with tight septum seal helps to support effective disinfection
- Metal free for MRI compatibility
- DEHP-free, non-latex and sterile

29" x 80" (127-1028)..... 125 per Roll

3M™ Attest™ 1291 Rapid Readout Biological Indicators

SOLVENTUM, FORMERLY 3M HEALTHCARE

Self-contained biological indicator for 270°F/132°C gravity steam cycles consisting of a *Geobacillus stearothermophilus* spore strip; sealed glass ampule with growth medium and dual indicator system; blue color-coded cap with holes for sterilant penetration and a hydrophobic filter as a bacterial barrier; and a chemical indicator on the label that changes from rose to brown when processed. After sterilization, the vial is "crushed" to join the growth media with the processed spore strip. The BI is incubated for 1 hr. in the 3M™ Attest™ 290 series auto-reader for a fluorescent reading. A red light indicates a positive result or sterilization failure.

(777-3276)..... 50 per Box

MAXIZYME® Tabs

HENRY SCHEIN®

Enzyme cleaning tablets for ultrasonic cleaning, evacuation-system cleaning, and instrument presoak. 2 tablets dissolve easily in 1 gallon of warm tap water. Easy to use and requires less storage space.

- Contain protease enzymes that break down hard-to-clean deposits such as blood, bone, and food particles that chemical detergents leave behind
- A single cleaner with 2 uses: ultrasonic and evacuation systems
- Gentle on instruments: nontoxic, neutral pH, biodegradable, and noncorrosive formula that contains no chlorine or harsh alkalines to damage expensive stainless steel instruments
- Refreshing minty scent
- Easy to store

(900-0475)..... 64 per Box

Self-Seal Sterilization Pouches with Dual Indicators

HENRY SCHEIN®

Superior quality pouches with dual indicators that comply with the recommendations of the CDC for effective sterilization. Preprinted internal and external indicators change color when processed with steam and EtO. Made with medical-grade paper and an easy-to-open thumb notch. The use of weekly biological indicators is recommended. Lead-free and not made with natural rubber latex.

EXAM ROOM EQUIPMENT

626 Barrier-Free® Examination Chair MIDMARK

Many health-care providers are not aware of current standards for proper blood-pressure measurement. If this isn't addressed, it leaves health systems at serious risk. 9.8% of the population is affected by overestimation of high blood-pressure errors. Multiply the cost of treatment for hypertension by the typical patient panel size and the cost of overtreatment could be as much as \$135,000 per each practicing physician. The impact of overmedication can also result in complications such as dizziness, fainting, exhaustion, or even patient falls. The Midmark 626 is the first exam chair of its kind designed to promote proper patient positioning for a more accurate blood-pressure measurement.

- Easily position patients for a better BP measurement
- Powered movement of the back section ensures the patient's back is supported
- A Barrier-Free® low chair-height allows the majority of patients, even female patients with heights in the 3rd percentile, to place their feet flat on the floor

Ritter 224 Barrier-Free® Examination Chair MIDMARK

The number of elderly and obese in the U.S. is steadily growing, and over one fifth of adults in America are disabled. Assisting patients with mobility limitations onto exam chairs has become a frequently performed task. Although caregivers working in health-care facilities are in one of the most at-risk professions for musculoskeletal disorders, little has been done to evaluate and reduce risk. The Ritter 224 is designed to offer low and high positioning heights so you can provide the best care to all patients, whether treating the elderly, expectant mothers, or patients with disabilities.

Getting to Know the Standard

Accessible equipment can make a crucial difference in patient outcomes and caregiver safety. Are your exam and procedure chairs compliant?

- 01 Seat Height:** 17" or lower and 25" or higher
- 02 Transfer Surface:** 21" wide and 17" deep
- 03 Base Clearance:** 26" wide or less
- 04 Transfer Supports:** <1 ½" from surface edge, capable of supporting transfer on each side, >15 ½" long, 6" - 18" high, 1 ¼" - 2" grip diameter, continuous gripping surface
- 05 Transfer Supports:** Supports the patient's thigh, knee and calf

EXAM ROOM EQUIPMENT

Welch Allyn Green Series™ Exam Light IV BAXTER

Perfect for the OB/GYN office or for specialties that require very focused light in specific areas, the GS Exam Light IV provides you with 3 times the typical light output and features a highly flexible light pipe that is twice as long as conventional pipes. And with a compact, unobtrusive head, it ensures pinpoint accuracy and provides true tissue color rendition during an exam. Utilizing white LEDs, the GS Exam Light IV provides a whiter, brighter light than halogen and consumes less energy. 5-year limited warranty to include the LED light source and power supply only.

- One LED
- Flexible pipe
- Touchless on/off
- Easy to assemble

SCALES

Mechanical Beam Scale with Height Rod

HENRY SCHEIN®

Standing mechanical beam scale with built-in height rod. Weight capacity of 450 lb (200 kg). 1-year warranty. 22¼" x 18¼" x 58¼"

(112-7157)..... Ea.

Digital Floor Scale

HENRY SCHEIN®

Compact digital floor scale has a large backlit LCD display. Weighs accurately in both lb and kg, up to 400 lb (200 kg). Features antislip feet and a low profile for added safety. Automatically turns on. Includes 1-year warranty. 14" x 11½" x 1"

(112-7153)..... Ea.

Digital Pediatric Table Scale

HENRY SCHEIN®

Small countertop pediatric scale has a curved design to support and protect the infant. Sta-Bilt stabilizing software ensures an accurate measure even if the infant is moving. Large backlit LCD display measures in lb and oz. Weight capacity of 45 lb. Integrated tape measurer to measure size of the baby. The autohold feature allows the weight to be displayed even after the baby has been taken off the scale. An integrated USB interface allows data to be transferred to a computer. Includes a 2-year warranty. 16¾" x 27¾" x 4"

(112-7156)..... Ea.

Digital Wheelchair Scale

HENRY SCHEIN®

- Single, stable platform allows scale access with wheelchair
- Easily folded to minimize footprint and moved with casters
- Individual wheelchair weight can be programmed for easy recall
- 32" x 33" x 2½", 1000-lb maximum capacity
- 2-year limited warranty

(570-0597)..... Ea.

Digital Waist-High Scale

HENRY SCHEIN®

Compact waist-high digital scale features a large, backlit LCD display that shows lb or kg. Capacity up to 500 lb (225 kg). Low profile for easy access—platform is only 2½" high. Wheels for easy movement. Contains BMI calculator and a clock. Includes 2-year warranty. 22" x 15" x 36"

(112-7155)..... Ea.

Digital Hand Rail Scale Height Rod

HENRY SCHEIN®

- Handrails allow patients to hold steady during weighing
- Low-profile design for easy access, platform is only 2¾" high
- Contains BMI calculator and clock
- 28" x 23½" x 2¾", 1000-lb maximum capacity
- 2-year limited warranty

(570-0598)..... Ea.

ThermoScan® PRO 6000 Ear Thermometer

BAXTER

Offers speed and accuracy for all types of patients. Exclusive ExacTemp technology provides an active user feedback system to ensure proper positioning and improved accuracy. Lightweight, simple, fast, and accurate. Preheated probe tip and sensor provide reliable temperature readings. Has automatic probe-cover eject button for quick-and-easy disposal of used probe covers. 3-year limited warranty.

- Innovative PerfectTemp™ technology adjusts for variability in probe placement
- ExacTemp™ technology detects stability of the probe during measurement
- Designed to take quick and accurate readings, to improve patient satisfaction
- 60-second pulse timer assists with manual measurement of pulse rate and respiration
- Electronic security features help prevent theft and loss
- Small or large cradles for probe cover storage that pop up for easy attachment
- Optional charging station stores 200 probe covers, with rechargeable battery
- 6-ft or 9-ft security tether options keep device attached to cradle

FlexiPort™ Disposable One-Piece Blood Pressure Cuffs

WELCH ALLYN

The top choice for infection-control-conscious hospitals and clinics around the world. Offers virtually every type of cuff an institution may need, along with the ability to simplify inventory with the patented FlexiPort connection.
Learn more about FlexiPort

- Every cuff can be used as a 1- or 2-tube cuff, thanks to patented FlexiPort technology
- Every cuff size, from small infant through thigh cuffs
- Color-coded for fast, accurate selection of correct cuff size
- Rotatable port reduces stress to cuff tubing and port, improving patient comfort and cuff durability
- Meets all the latest clinical guidelines for proper fit from AAMI and AHA

1 Tube, Large Adult (110-3653).....	20 per Case

Welch Allyn SureTemp® Plus 690 Electronic Thermometer

BAXTER

Combines the speed of ear thermometry with the accuracy and reliability of traditional oral thermometry. Takes fast, 4–6-second oral temperatures, 10-second pediatric axillary and rectal temperatures, and 15-second adult axillary temperatures.

- Accurate to within +/- 0.2°F (0.1°C)
- Interchangeable, removable probe wells to reduce the risk of cross contamination
- Large LCD that can display temperatures in Fahrenheit or Celsius
- Last-temperature recall
- Mode selection and recall buttons
- Four different temperature modes
- Convenient storage for 25 probe covers
- Takes about 6,000 readings on 3 AA batteries (included)

Spot™ Vision Screener

BAXTER

A handheld, portable device designed to help users quickly and easily detect vision issues on patients from 6 months of age through adult. Spot screens both eyes at once from a nonthreatening 3-foot distance. The touch-screen display allows for one-touch activation, simple management of patient data entry, and easy configuration for both vision screening and autorefractive applications.

Features:

- Supports AAP screening guidelines for early detection of amblyopic risk factors
- Automated screening provides thorough, objective, and easy-to-understand results
- Easy to use, easy to implement, with minimal user training required
- Adequately powered for mass screening events
- Captures readings 97% of the time, helping to screen otherwise difficult patients
- Wireless printing and WiFi-enabled for easy export of data
- Manual exports available via USB port
- Uses lights and sounds to help engage children

Pro Plus Series Stethoscopes

HENRY SCHEIN®

Combination adult-size chest piece is precisely machined to exacting tolerances from surgical stainless steel for outstanding performance and rugged durability.

- Extra-large bell (1 1/8" diameter) for unsurpassed low-frequency response
- Ultrasensitive diaphragm (1 1/8" diameter) for greater amplification and crisper high-frequency response
- Color-coordinated nonchill bell and diaphragm retaining rim for patient comfort
- Stainless steel binaurals with double-leaf internal spring fixed at 15° angle for greater comfort
- Reinforcing yoke molded into flexible 22" PVC "Y" tubing
- Deluxe PVC ear tips (small and large) for the ultimate in wearing comfort and acoustic seal
- Spare diaphragm included
- Available in 3 striking colors for departmental coding or personal identification
- Not made with natural rubber latex
- Scope ID tag included
- Lifetime warranty
- Weight: 6.5 oz.
- Overall length: 31"

AEDs

AED Plus® Defibrillator ZOLL

Can deliver a potentially lifesaving shock to the heart if needed, and can guide rescuers to perform high-quality CPR with the integrated Real CPR Help® technology that provides real-time feedback for both rate and depth of chest compressions. It offers easy-to-understand audio and visual prompts and uses a 1-piece electrode pad for fast and easy placement. The 5-year pad and battery life mean fewer replacements and the lowest total cost of ownership. 7-year warranty.

Semi-Automatic Unit
(866-7559)..... Ea.
Contains: 1 of each: AED Plus unit, ECG display, set of adult electrodes (CPR-D-padz®), sleeve of batteries & owner's manual.

Fully Automatic Unit
(119-7910)..... Ea.

Powerheart® G5 AED ZOLL

Features Intellisense® CPR, which provides corrective feedback to ensure delivery of high-quality compressions. One-button, dual-language functionality and comprehensive self-tests give rescuers the confidence to act.

- Intellisense® CPR feedback provides real-time voice and text corrective prompts for CPR quality
- Rescue Ready® conducts regular, automatic self-tests on pads, battery, and internal circuitry
- RescueCoach® guides users through each critical step of the rescue with user-paced voice/text prompts
- Dual language change from primary to secondary language in the push of a button

AED Pro® Automated External Defibrillator ZOLL

An external defibrillator that provides advanced capabilities for BLS and ALS users with innovative Real CPR Help® technology for rate and depth of chest compressions. See-Thru CPR® capability filters CPR chest compressions, displaying the underlying cardiac rhythm. Unit is unmatched in its ruggedness and durability and is ideal for any environment.

- Available as semiautomatic only or semiautomatic with manual override for ALS professionals
 - Built-in internal memory and external USB memory technology allows expanded data storage capacity and maximum flexibility for data management and transfer
 - Electrodes and battery compatibility with ZOLL M Series®, E Series®, and R Series® professional defibrillators
 - ECG monitoring with 3-lead cable and high-quality display
 - Unrivaled battery options (long-life disposable or rechargeable) that meet specific needs
- (869-6270)..... Ea.

PATIENT MONITORING

Digital Blood Pressure Monitor 1700 Series with SureBP® Technology WELCH ALLYN

The same SureBP technology used by doctors and hospitals worldwide, but with one-button operation for accurate results made easy.

- Captures blood pressure readings on inflation in just 20 seconds
- Even in presence of motion, provides accurate readings at the rate of 97%
- Free smartphone app allows user to monitor and track readings over time

Advantage™ 6021N Automatic Digital Blood Pressure Monitor AMERICAN DIAGNOSTIC CORPORATION

This fully automatic upper-arm digital blood-pressure monitor is designed for home use. It measures systolic and diastolic pressure as well as pulse. Equipped with Smart Logic Modulation (SLM) technology, it ensures a gentle inflation process for optimal comfort and accuracy. The monitor features a self-adjusting, extended-range non-latex D-bar cuff that fits arms from 8.7" to 16.5".

Key features:

- Automatic inflation and deflation control
- Irregular heartbeat detector
- Stores the last 99 readings with date and time stamp for 2 users
- Automatic shut-off function
- Made without natural rubber latex
- Includes 4 AA batteries
- 5-year warranty

(122-6355).....Ea.

ADView 2 Diagnostic Station AMERICAN DIAGNOSTIC CORP

The ADView 2 is the only truly modular diagnostic station that grows with your needs. Start with blood pressure and choose temperature or pulse oximetry options at the time of purchase; we'll ship your ADView 2 fully configured and ready to go. Or add new modules and accessories in the field, anytime, as you need them. Our user-expandable, connect-and-go construction makes upgrading effortless.

- Clinical-grade Advantage™ BP technology from SunTech Medical
- Contemporary, compact design with an integrated handle and easy-to-read display
- Manual blood pressure mode for real-time verification
- Customizable average mode options
- Next-generation EMR-ready with HL7 messaging for electronic data transfer
- Network-enabled with built-in Ethernet or optional Wi-Fi
- Lithium-ion power for longer-lasting battery life and a lighter weight
- Built-in memory with up to 99 charting sessions
- New Pediatric Mode to ensure accurate measurements for younger patients
- Firmware upgradable

ULTRASOUND

Clear Ultrasound Gels

Multipurpose, hypoallergenic, medium-viscosity gel is clear, dye-free, and bacteriostatic for patient satisfaction. It is also an excellent conductive agent with superior lubricating and clinical features, making it suitable for the most common professional diagnostic and imaging procedures. For use in therapeutic ultrasound, diagnostic imaging, and other external procedures that require a thick medium with excellent lubricating and glide characteristics. Will spread evenly without running or drying under standard clinical applications.

Vscan Extend* R2 Dual Probe DICOM Handheld Ultrasound

GE HEALTHCARE

A general-purpose diagnostic ultrasound imaging system that can enable qualified and trained health care professionals to visualize and measure anatomical structures and fluid. Its pocket-sized portability and simplified user interface enable integration into examination and training sessions. Information can be used for basic or focused assessments, procedural guidance, and in conjunction with other medical data for clinical diagnostic purposes during routine periodic monitoring and triage assessments for adult and pediatric patients. Unit supports applications for cardiac, abdominal, renal, obstetrics and gynecology, urology, fetal, adult cephalic, peripheral vascular imaging (arteries, veins, lower extremity, and carotid), small organs including thyroid and musculoskeletal (long bone, hip, shoulder, elbow, and knee joints), evaluation of presence of fluid, thoracic/lung (pleural motion/sliding and line artifacts), pediatrics, imaging guidance for needle/catheter placement (paracentesis, pericardiocentesis, thoracentesis, and amniocentesis), and procedure guidance for arterial or venous vessels (central lines and upper extremity). DICOM** configuration provides the ability to export images wirelessly to DICOM servers or to shared Windows*** network folders, along with wireless access to the GE Marketplace for download and installation of Vscan Extend apps. It also allows the transfer of images or videos via USB cable connection to a PC. The product is complemented with a Vscan* web portal, including online access to product and clinical information. In some countries, 1–60-gm bottle of gel may also be included in the standard configuration.

#H8038VP, DICOM Base Package
(133-4462)..... Ea.

3" x 3" (101-8748).....	200 per Pkg.
4" x 4" (101-4336).....	200 per Pkg.

TOPICAL SKIN ADHESIVE – OCTYL

High-Strength 2-Octyl Cyanacrylate Formulation

Advantages

Rapid set time

Flexibility without a plasticizer

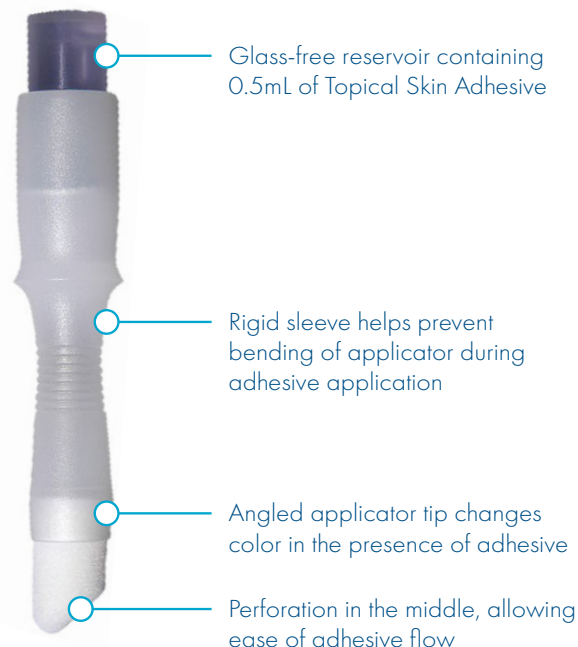

Ergonomic ampule designed for ease of handling and targeted application

Provides an effective microbial barrier and water-resistant protection

High tensile strength

Unique formulation will not solidify in ampule, allowing all 0.5 mL to be used

Gravity fed applicator delivery system - no need to squeeze ampule

Additional Information

Polymerization starts when adhesive comes in contact with tissue or fluid.

All 0.5 mL of adhesive can be used on the patient, as adhesive will not solidify in the ampule.

Topical Skin Adhesive will remain attached to the skin surface until natural cellular regeneration occurs (approx. 5-7 days). If needed, any standard adhesive remover product may be used to release the adhesive from the skin. Peel off the film, do not pull the skin apart.

Henry Schein® Topical Skin Adhesive - Octyl

0.5 mL ampules, 12/box.....(570-3554)

Order today at **HENRYSCHEIN.COM/MEDICAL**

TOPICAL SKIN ADHESIVE - BUTYL

Strong Bonding and Reliable Protection

- Sterile, single-use plastic ampules of liquid skin adhesive consisting of n-butyl-2-cyanoacrylate
- Antibacterial barrier protects the wound
- Applicator tips provide precise, controlled application
- Will not clog or dry when opened
- Blue liquid color option available to enable easy control over quantity applied

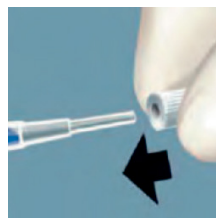

EASY-TO-USE APPLICATION

Open the package and take out the tip.

Open the ampule by twisting off the ribbed tip.

Apply the tip to the opened ampule.

Apply the glue in a thin layer to the wound edges and hold in position for 60 seconds.

Henry Schein® Topical Skin Adhesive

SURGICAL INSTRUMENTS

Biopsy and Abutment Punch

INTEGRA MILTEX

Sterile, disposable biopsy punch used to extract tissue samples from suspicious oral lesions. Reduces chance of torn or pulled biopsies with its significant metal hardness and steeper edge angle. Precise punch diameter for an accurate biopsy. Also used to cut a round preparation in tissue prior to placing an implant abutment.

Regular Handle..... Ea.

Specify:

1.5mm	(953-7722)	4mm	(953-9343)
2mm	(953-9111)	5mm	(953-5409)

#15

(953-2142)..... 10 per Box

Disposable Uterine Sounds

INTEGRA MILTEX

Sterile

Uterine sounds are often used prior to many procedures to enable the clinician to determine the position, depth, and tilt of the uterus. Sounding is useful in identifying any anatomical abnormalities and to confirm the internal structure of the uterus without perforating the uterus.

- Sterile, single-use device
- Flexible
- Graduated in centimeters
- Individually packaged
- 9¾" (24.7 cm)

(953-3457)..... 25 per Box

Silicone-Coated Surgical Blades

INTEGRA MILTEX

Provide a smooth, sharp edge for a precise incision while, at the same time, requiring less force. The addition of a silicone coating offers a significant improvement and smoother surgical incision performance when compared to traditional standard carbon or stainless steel blades. Blades are sterile, single-use, with a 5-year shelf life. Each blade is packaged in a foil peel pack. Comes in a dispensing box of 100 blades.

Surgical Blades..... 100 per Box

SURGICAL INSTRUMENTS

Disposable Vaginal Specula

Recommended for routine gynecological exams.

- Allows examination of vaginal mucosa at a 360° angle without rotation
- Provides wide range of adjustability (angular and elevation adjustments)
- One-handed manipulation for ease of operation
- Self-holding in various opening positions
- Decreases risk of contamination
- If needed, apply lubrication for better comfort during examination
- Made of hard, clear, nontoxic, high-strength plastic resin

Small	
(102-5396).....	10 per Pkg.

ChloraPrep™ Patient Preoperative Skin Preparation with Sterile Solution™ BD

ChloraPrep is the only commercially available, fully sterile chlorhexidine gluconate (CHG) antiseptic skin prep available in the U.S., with innovations designed to help improve patient safety. With assured product sterility beyond current clinical guidelines, clinicians can provide the best quality of care to their patients. Our broad portfolio also enables the standardization of antiseptic care for all procedures in a facility.

- Sterile solution: Patented sterilization process of the antiseptic solution achieves a minimum sterility assurance level (SAL) of 10⁻⁶
- Sterile delivery: The sterile, single-use applicator facilitates aseptic touchless technique by moving the clinician's hand away from the patient's skin, helping to reduce the risk of extrinsic contamination
- Proven efficacy: The FDA-approved dual antiseptic of 2% chlorhexidine gluconate (CHG) + 70% isopropyl alcohol (IPA) kills bacteria more effectively than single agents, providing both immediate and persistent activity
- Preoperative indication: The only CHG and IPA skin antiseptic to offer 2-log reduction for dry sites, and 3-log reduction for wet sites, on its entire portfolio

© 2025 Henry Schein, Inc. No copying without permission. Not responsible for typographical errors. **To guarantee special pricing/offers, where applicable, please include the three-digit promo code when ordering.** Note: Participating in a promotional discount program (e.g., points, discount redemptions or other special awards) is only permissible in accordance with discount program rules. By participation in such program, you agree that, to your knowledge, your practice complies with the program requirements. For HS promotions: This promotion offers a bundled discount. The cost of any "buy/get" (or "no charge") items is a discount applied to your other purchases on the same invoice. The reportable value (unit price) of the "no charge" item will be identified on the invoice. To calculate the applicable discount on the other items on the same invoice, divide the total value (unit price(s)) of any no-charge item(s) by the total value (extension price(s)) of all other items purchased on the same invoice, and apply the resulting percentage equally to each item to determine net prices. For manufacturer promotions: The prices stated in the invoice or statement may reflect a discount or be subject to a rebate. You must fully and accurately report this stated discount price, or if applicable, any net pricing, after giving effect to any rebates, to Medicare, Medicaid, Tricare and any other federal or state program upon request by any such program. Accordingly, you should retain these records. It is your responsibility to review any agreements or other documents applicable to these prices to determine if they are subject to a rebate.

Are you juggling with
MULTIPLE BONDS?

FUTURABOND U
can do it ALL!

Futurabond U

Consistent Chemistry, Seamless Dentistry - Dual-Cure Universal Adhesive

- ONE adhesive for ALL your adhesive dentistry
 - Self-etch, selective-etch or total-etch
 - For all direct or indirect materials/no extra activator
 - Bonds to all light-, dual- & self-cure resin materials
 - Bonds to metal, zirconia, aluminum oxide, silicate ceramic without any extra primers
- VOCO's patented SingleDose System eliminates the solvent evaporation problem that is a known problem with bottle systems – this ensures reliable high bond strength with each application.

999-1742	50 pcs.	SingleDose
999-1740	200 pcs.	SingleDose

The **ONLY** bond for **ALL** your adhesive dentistry,
without the need for any extra primers
or activators.

VOCO Retraction Paste

Astringent paste for the effective temporary retraction and moisture management of the gingival sulcus:

- **Aluminum chloride-based** – for a clean and dry sulcus
- **Unit dose with extra-long, thin and flexible tip** – for hygienic, simple and precise application into the sulcus
- **2-Stage Viscosity** – initially flowable for easy, low-force application, then stabilizes for optimal retraction
- **Turquoise blue color** – contrasts well with the gingiva
- **Rinseable Removal** – for quick and stain-free clean-up
- **Up to 50% faster** – compared to just cord

999-2861	Caps 25 x 0.3 g
999-2860	Caps 100 x 0.3 g
