

PRACTICE PINK

PRODUCT GUIDE 2024

Summer/Fall Edition

Practice Pink

Now in its 18th year, Henry Schein’s “Practice Pink” program has donated over \$2 million in the fight against breast cancer and ALL cancers. This year, Henry Schein Cares is once again supporting nonprofits through the “Practice Pink” program.

As part of this program, products featured in this supplement will raise awareness of the important work each of the following organizations are doing to fight this deadly disease:

American Cancer Society (ACS)

The American Cancer Society helps save more lives from cancer, every day and in every community. Through our support of ACS, Henry Schein is helping to ease the cancer burden by supporting breakthrough research, evidence-based guidelines and trusted information, and expanding patient support services. For nearly eighteen years, a centerpiece of this amazing partnership has been Henry Schein Cares' donation of personal care kits to guests of the Society's network of Hope Lodge's®, places of comfort that offer cancer patients and their caregivers a free place to stay when their best hope for effective treatment is far from home. We consider ourselves proud partners of this important work.

Stony Brook Children's Hospital

Stony Brook Children's Hospital is a leading advanced pediatric specialty care hospital that offers a full range of comprehensive medical services for infants, children, and young adults, provides leading-edge diagnosis, treatment, and management of childhood conditions, illnesses, and injuries.

TABLE OF ■ CONTENTS:

| | | | |
|----------------------------|-----|-------------------------------|-------|

| Infection Prevention | 10 | Practice Green | 15 |

Advocacy, Research Patient Support:

The American Cancer Society tackles it all.

ADC is proud to be a partner in these efforts, donating 10% from the sale of our breast cancer awareness line of products.

Your support makes a difference.

Together, we can build a healthier world for all.

Practice Green is designed to empower the health care community to positively impact the future of the planet by reducing the ecological footprint and promoting sustainability—both in daily life and while at work.

A product included in the Practice Green portfolio has been carefully selected by Henry Schein as “green” based on the product information provided by the supplier partner that it is either reusable, contains recycled materials, can be recycled, is biodegradable, or is from a sustainable source.
