Welcome To Our Preferred Brands Reference Guide

Today's healthcare providers need dependable, affordable products that support their efforts in delivering the best care possible to their patients while they strive to reach their business goals.

As you browse this Guide, you will find thousands of **Preferred Brand Products**, including our **Henry Schein Brand**, a broad range of **Medline** products, generic **pharmaceuticals**, and many other value brands that will help you save without compromising on quality. We offer specialized products to meet the needs of primary-care physicians, surgeons, and the OB/GYN specialty—from exam room supplies, gloves, and pharmaceuticals to diagnostic instruments and testing materials. You'll find diverse product options that help you achieve greater patient satisfaction, enhanced productivity, and increased revenues.

Our **Henry Schein Brand** is a perfect match for the practice looking for products that are cost-effective with exceptional value. Our product line is competitively priced and has met our high standards to earn the **Henry Schein Seal of Excellence**—your guarantee of satisfaction.

Please feel free to contact your Henry Schein Sales Consultant with any questions you may have about our products and services. Thank you for choosing Henry Schein Medical for all of your practice needs.

instruments for the ob/gyn

SINGLE USE PROCEDURE PACKS !

Single-Use Uterine Sound

Made from an advanced polymer material, the single-use Uterine Sound 906S offers a number of distinct advantages over the traditional stainless steel counterpart. Lighter in weight than stainless steel, the Tenaculum 356T increases patient comfort by putting less pressure upon the cervix. Its composition enables the instrument to flex and travel along the path of least resistance, potentially reducing pain and bleeding.

#906S, Uterine Sound
(234-0003) 10/box

Single-Use Tenaculum

Made from an advanced composite material, the single-use Tenaculum 356T offers distinct advantages over the traditional stainless steel counterpart. Lighter in weight than stainless steel, the Tenaculum 356T increases patient comfort by putting less pressure upon the cervix. Its composition enables the instrument to flex and travel along the path of least resistance, potentially reducing pain and bleeding.

Patent No. D575,400. FDA approved.
#356T, Tenaculum
(234-0004) 10/box

IUD Insertion Kit

Everything you need to quickly and safely perform an IUD insertion is included in the sterile, single-use kit.

Kit includes:

- Single-use Tenaculum 356T
- Single-use Uterine Sound 906S
- Single-use Scissors, 8.5"
- Swabsticks (3)
- Povidone-Iodine Solution
- Sterile Drape

#935K, IUD Insertion Kit

“ Criterion Gloves provide me with the protection and comfort I need in performing procedures and exams. The New Nitrile Clear have a high degree of dexterity and form fit.”

The Criterion Glove line offers great comfort and a variety of styles specific to your needs. Unsurpassed quality and durable construction make this glove line a sure fit.

CRITERION® CLEAR BLUE™ NITRILE EXAM GLOVE

Henry Schein® announces the newest addition to its quality line of Criterion® gloves: the Criterion® Clear Blue Nitrile Exam Glove. This new, blue-tinted, translucent glove offers the best of both worlds by providing unparalleled strength and resistance to punctures without losing any of the softness, stretch, or comfort associated with a thin nitrile glove. Experience this new nitrile technology that offers professionals a new generation of nitrile barrier protection.

- Powder-free nitrile exam glove
- New nitrile technology
- Unparalleled strength
- Soft stretch nitrile for comfort and reduced hand fatigue
- Textured fingertips for reliable dry or wet grip

HENRY SCHEIN®

Pro Plus Series Clockface Aneroids

The Pro Plus Series Clockface Aneroid features:

- Large, easy-to-read 6" luminescent dial for high visibility in virtually any light condition
- 300mmHg CE marked no-pin stop movement withstands the heaviest use
- Inflation system includes black nylon cuff, latex inflation bladder, bulb and valve, and 8-ft. length (when extended) of coiled latex tubing
- Contemporary Euro-style ivory casing complements any decor
- Complete with all necessary hardware and assembly instructions
- Available in Wall or Mobile configurations
- Assembled, inspected, and packaged in the U.S.A. from foreign components

The Pro Plus Series Wall Aneroid includes:

- Wall bracket that swivels through 110° rotation for easy viewing with integral cuff storage

ROLLING BP UNIT

The Pro Plus Series Mobile Aneroid includes:

- Height adjustable Spider-Leg™ caster stand with range of 34" to 48" (from bottom of base to top of unit)
- Integral ABS cuff storage compartment
- Manometer angled back 15° for easy viewing
- 18" base diameter

HENRY SCHEIN®
CLEAR ULTRASOUND GELS
 Multipurpose, hypoallergenic, medium-viscosity gel is clear, dye-free, and bacteriostatic for patient satisfaction. It is also an excellent conductive agent with superior lubricating and clinical features, making it suitable for the most common professional diagnostic and imaging procedures. For use in therapeutic ultrasound, diagnostic imaging, and other external procedures that require a thick medium with excellent lubricating and glide purposes. Will spread evenly without running or drying under standard clinical applications.

HENRY SCHEIN® MAXITEST® IN-OFFICE BIOLOGICAL MONITORING SYSTEM

In-office system for monitoring steam sterilizers. Easy to use and interpret. Results in 24-48 hours. Simply process vial in a normal sterilizer cycle, then activate vial, incubate, and record results. If any spores survive process, vial medium will turn yellow. MaxiTest incubator is 24 V and holds up to 14 indicators. Indicators are also compatible with 3M™ Attest™ incubator.

- Starter Kit
(102-6076).....ea
Contains: 1 box 25 indicators, 1 incubator, 1 crusher & 1 record keeper.
- Indicator Refill
(102-5804).....25/box

**GET A
REPORT!**

HENRY SCHEIN® MAXITEST®

- Easy to use: place MaxiTest strips within an average load; process according to normal procedure; when cycle is complete, remove load from sterilizer and remove test strips; forward to bacteriological laboratory for culturing
- Suitable for use with all sterilizers: dual-organism spore strips contain both *Bacillus stearothermophilus* and *Bacillus subtilis* so they can be used to monitor all sterilizers, including unsaturated chemical vapor
- 2 test strips and 1 control strip: provide increased safety to patients and staff; 2 test strips placed in separate areas of the sterilizer provide greater accuracy of test results
- Biological Sterilization Monitoring Service: MaxiTest includes test sets, culturing service, laboratory reports, all postage and handling, and any device concerning sterilization procedures; the lab cultures are completed in 7 days; however, if any test strip cultures positive (spore growth indicating sterilization failure), the office will be telephoned immediately; if the test strips do not culture positive, the office will receive a laboratory report in approximately 2 weeks, indicating sterilization was achieved

12-Test Package
(101-5830).....ea
Contains: 12 packets, ea containing 2 test strips & 1 control strip.

48-Test Package
(101-1253).....ea
Contains: 48 packets, ea containing 2 test strips & 1 control strip.

Not for export.

chronic, non-healing wound care

SilvaSorb

SilvaSorb

Harnesses the power of ionic silver, releasing silver at a controlled level for broad-spectrum antimicrobial action, without harming tissue cells. The ionic silver is suspended in the SilvaSorb dressing to control its release over a period of up to 7 days. It offers antimicrobial protection over a broad spectrum of bacteria and fungi, including MRSA and VRE. SilvaSorb kills microbes, but is completely biocompatible with the tissue cells of healing. SilvaSorb is available in 4 formats: sheets for flat wounds with none to moderate exudate; perforated sheets for flat wounds with moderate exudate; cavity strands for deeper wounds of all exudate levels; and gel for dry wounds. Latex-free.

dressings & pads

Suresite Transparent Film Dressing

4" x 4.5" Window
Suresite Transparent Film Dressing is an ideal choice for IV sites and wound applications. Protects the skin, IV sites and surgical incisions using Suresite Transparent film. Conforms to hard-to-dress areas, allows constant observation, and can be left in place for up to seven days. Suresite is waterproof and is also bacteria-resistant.
Dressing
4"x4
(397-8386).....50/Bx

Oil Emulsion Non-Adherent Dressing

Sterile 3x8
The Medline Oil Emulsion, Non-Adherent sterile dressing keeps wounds moist. The Oil-Emulsion dressing's knitted, high porosity fabric is evenly impregnated with U.S.P. white petrolatum in an emulsion.
Emulsion Sterile
Sterile 3 x 8
(678-0349).....24/box

Suresite Transparent Film Dressing

Protect the skin, IV sites and surgical incisions using Suresite® Transparent Film. Conforms to hard-to-dress areas, allows constant observation, and can be left in place for up to seven days. Waterproof and bacteria-resistant. Window: 2 3/8" x 2 3/4".
(106-4261).....100/box

Xeroform Petroleum Gauze

This Xeroform Petroleum Gauze Dressing is medicated and deodorizing agent with 3% Bismuth Tribromophenate. Occlusive non-adherent dressing contraindicated for draining wounds. Sterile, and Latex-Free.
Xeroform LF 1" x 8"
(113-2317).....12x12/case

Abdominal (ABD) Pads

Features extra absorbency and wicking. Medline's super absorbent abdominal pads feature a soft nonwoven outer layer that quickly wicks fluid to a cellulose center. This thick layer of cellulose quickly absorbs and disperses fluids laterally to prevent pooling. Hydrophobic back impedes strikethrough and all edges are sealed to prevent linting. Latex-free.

SYNTHETIC

HENRY SCHEIN® SYNGAUZE 50™
Non-sterile, 4 Ply
General-use nonwoven material with a 70%/30% blend of rayon and polyester. 47%–50% more absorbent than 12-ply gauze.

- Absorbs 10 times its weight; greater absorbency reduces the number of sponges required
- Soft and pliable; prevents irritation to mucosa; allows shaping a better fit
- Sterilizable: lint-free mesh minimizes lint contamination
- Nonraveling: less mess

2" x 2"200/pkg

(107-9502)

HENRY SCHEIN® PREMIUM NON-WOVEN SPONGES
Non-sterile, 4 Ply
General-use nonwoven rayon/polyester-blend material. Quarter fold. Low linting.

- Less linting: minimizes lint contamination
- Soft and pliable: prevents irritation to mucosa
- Greater absorbency: reduces number of sponges required
- Closed weave

2" x 2"200/pkg

sutures

Superior Point: Needles are honed with a unique multiedged point to provide greater ease of penetration. Superior attachment: Needles are drilled for a seamless needle-suture juncture, providing a smoother transition with less tissue disruption. Superior packaging: Unique double-sterile barrier packaging ends costly waste.

- Precision-honed needle: offers surgeon easier penetration and precise tracking
- Finely crafted swaged needles: tissue trauma is reduced because swaged needles are used only once and then discarded; dull needles are eliminated
- Sterile packaging: ensures sterility
- Unique, see-through packaging: permits positive identification without the necessity to touch or otherwise contaminate suture
- Wide assortment of suture material (Silk–Black Braided, Gut–Plain, Gut–Chromic, Polyester–Green Braided): practitioner can select from several suture materials

HENRY SCHEIN®
PGA (POLYGLYCOLIC ACID) ABSORBABLE SUTURES
 Compare to Vicryl
 3/8 Circle, 18"
 Synthetic absorbable braided sutures have a smooth, low-friction coating that reduces tissue drag. They retain approximately 50% of their initial strength at 2 weeks and 20% at 3 weeks. PGA is ideal for skin and mucosa closings and can be used in most areas of the body.

HENRY SCHEIN® NON-FENESTRATED DRAPE

Poly-lined, Sterile, Tissue/Poly/Tissue

- Heat sealed along 2 outer edges to ensure a pinhole-free plastic layer that guarantees maximum protection against bacterial strike-through from below
- Features polyethylene lining between 2 layers of absorbent-strength tissue, virtually eliminating risk of bacterial migration and strike-through
- Using blue-tissue side up prevents glare
- All sterile fields are available in convenient dispenser boxes of 50 each

HENRY SCHEIN® DE HEALTHCARE EARLOOP PROCEDURAL FACE MASKS

Light and comfortable, these 3-ply, latex-free procedural masks with filter meet ASTM 2100 standards for primary/low barrier performance characteristics (BFE ≥ 95% @3 microns; fluid resistant @80mm HG). 50 masks to a box/10 boxes to a case. Available in both Blue and White. Face Masks.....50/box

Specify:

Blue.....(979-2441)
White.....(979-2455)

HENRY SCHEIN® ADAPTED FACE MASKS

Fiberglass-Free and Latex-Free
Made from fluid-resistant, nonwoven polyester material that shields from blood and saliva. Prevents fogging of protective eyewear because of unique contour design (no aluminum nose band). Has a 99.5% BFE rating at 5 microns. Pink is 10% smaller than blue.

- Consistent nonwoven filter material: higher bacteria filtration efficiency
- Odorless and nonirritating: comfortable to wear
- Unique contoured design: provides tight fit around nose bridge to eliminate fogging of protective eyewear
- Fiberglass-free: eliminates any risk from fiberglass
- Fluid resistant: helps prevent liquid strike-through
- No resin fillers: no irritation to skin under operating conditions

Office Pack.....25/box

Specify:

HENRY SCHEIN® ISOLATION GOWNS

Durable single-ply, polypropylene gowns provide superior protection. Elastic cuffs create excellent closure. Made in US.

- Premium spunbonded material with glued seams: no stitch holes to allow for the passage of fluids or bacteria
- Tape neck closure: easy to put on
- Waist tie: easy to open and close

HENRY SCHEIN® DE HEALTHCARE EARLOOP PROCEDURAL FACE MASKS

Light and comfortable, these 3-ply, latex-free procedural masks with filter meet ASTM 2100 standards for primary/low barrier performance characteristics (BFE ≥ 95% @ 3 microns; fluid resistant @ 80mm Hg). 50 masks to a box/10 boxes to a case. Available in both Blue and White.

Face Masks50/box

Specify:

Blue(979-2441)

White(979-2455)

HENRY SCHEIN® EXTRA PROTECTION EAR LOOP FACE MASKS

Provide the greatest filtration and fluid penetration resistance as specified by ASTM. Light and comfortable for extended wear when necessary. Filter media is surrounded by soft, nonirritating inner and outer facing. Full-width flexible nosepiece provides fit and security. Manufactured to meet all current ASTM F-2100-04 standards. Latex-free.

Teal

(104-8819)50/box

HENRY SCHEIN® DISPOSABLE FACE SHIELD

Latex-Free

Optically-clear, see-through visor provides eye protection from splash and splatter. "Soft-strap" has an impenetrable foam barrier providing comfortable, wide coverage without compromising safety. Each shield is packaged individually in a plastic bag intended for single-patient use to prevent cross contamination.

Standard, 13"W x 7½"L

(101-2254)24/box

HENRY SCHEIN® EAR LOOP/EYE SHIELD PROCEDURE MASK

Latex-Free

Soft, comfortable loops and absorbable inner facing make this mask very comfortable for extended wear. Manufactured to exceed all current ASTM F 2100-03a standards. Superior fluid protection; passed Standard Fluid Penetration Resistance Test. The optically clear shield is treated on both sides with antifog material to ensure that vision is not compromised.

Teal

(104-7321)25/box

HENRY SCHEIN® FLUID-RESISTANT MOLDED FACE MASKS

Fiberglass-Free and Latex-Free

Preformed with aluminum nose guard. Pink is 10% smaller than blue. 99.5% BFE at 5-micron particle size.

- Excellent filter design: higher bacteria filtration efficiency
- Odorless and nonirritating: comfortable to wear
- Adjustable nosepiece: adjusts to individual facial features
- Fiberglass-free: eliminates any risk from fiberglass
- Fluid resistant: helps prevent liquid strike-through
- No resin fillers: no irritation to skin under operating conditions

HENRY SCHEIN® PROTECTIVE GOWNS

Liquid-proof polycoated material. Long sleeves with knit cuffs, attached waist and neck ties, sewn neck binder, and open back. White.

- Soft, nonwoven, nonabsorbent polycoated polypropylene material: comfortable, lightweight, and liquid-proof; provides extra protection against splashing liquids
- Full length: provides maximum coverage
- Sewn neck binder: reinforcement; gown will not tear easily
- Open back: increases ventilation
- Disposable: no laundering; no cross contamination
- Latex-free

Eclipse® Surgical Gowns

The soft, cloth-like texture says "comfort" as soon as you put it on. Those who spend much of their day in a surgical gown will appreciate the comfort of Eclipse A®. Gowns are cut wider through the chest and sleeves for a roomier fit.

This gown features a velcro-style neck closure that allows the neckline to easily adjust to a wide variety of people. In addition, the velcro-style closure helps prevent gapping in the front of the gown to further help protect against fluids.

Cool-Zone Gown

Reinforced Fabric
Offers the ultimate in comfort.

- Stay cooler: unique comfort panels on back, allowing body heat to escape
- Soft and comfortable: made of an exceptionally soft, yet fluid-repellent, fabric
- Adjustable neckline: Velcro®-style neck closure
- Bonded sleeves: additional protection against strikethrough
- Knit cuffs: comfortable and facilitate closed gloving
- Flammability: gowns meet the Standard of Clothing Textiles CPSC 16 CFR Part 1610
- Latex-free

Sirius® Surgical Gown

Offers a level of comfort superior to other SMS gowns.

- Sterile, nonreinforced, latex-free
- 4 layers of protection: SMS technology uses 4 layers of fabric to provide a high level of fluid repellency. Fabric features 2 densely packed meltblown layers sandwiched between 2 strong, spunbond, outer layers.
- Better fit and adjustable: roomier in the chest and sleeves; adjustable Velcro®-style neck closure
- Flame resistant: meets the Standard for Flammability of Clothing Textiles CPSC 16 CFR Part 1610
- Low linting: made from polypropylene
- Breathable and comfortable

Silicone Bulb Evacuators

100cc Capacity
Silicone Bulb Evacuators provide constant, effective suction to help reduce occlusion. Designed specifically for smaller procedures where less exudate is anticipated.

Please note that the stock photo may differ from the actual product model listed above. For more product information read marketing informational brochures below where available.

Suction Canister Kit with Tubing

1500cc w/Tubing and SafeSorb Solidifier
They are design with a snap-on lid that, once closed, cannot be removed. The unique D.I.S.S. connection allows for direct connection to the regulator. The new improved self-sealing filter increases flow by 20% over float types and eliminates back flow that damages the suction regulator and system. These come with a standard stem or screw (D.I.S.S.) lid or with Tubing or Tubing and Solidifier attached to the lid. Suction Canisters with Tubing & SafeSorb Solidifier 1500cc, stem lid, with 20" and 6' Non-Conductive Tubing, 1500cc w/SafeSorb Solidifier.

DeLee Mucous Trap

w/Valve 8 Fr Catheter
This transparent 20cc mucus trap is graduated in 2cc increments, for easy measurement of the collected sample. And extra snap-on cap allows the safe transportation of samples. The DeLee catheter has two side eyes sized for maximal suction. A frosted finish for smooth insertion and secretion removal, and a forward-placed Contro-Vac valve for minimized mucus spray-back. Single-loop flexible packaging with easy-peel package minimizes storage space.

Medline SensiCare® with Aloe Surgical Gloves

These powder-free, latex-free gloves are made of Isolex™, Medline's proprietary Polyisoprene formulation, and are softer, more elastic, and more comfortable than latex gloves. These standard thickness, smooth grip gloves are also coated with pure aloe vera to help soothe and moisturize dry, irritated skin caused by frequent hand washing and glove-wearing.

Henry Schein Rx Samples Service

Our Rx Samples Service is free, secure, and easy

Order pharmaceutical samples online—easily and conveniently.

Sponsored by leading pharmaceutical companies—with no cost to you. Sampling enables you to:

- Initiate patient treatment faster
- Increase patient compliance
- Provide valuable information about patient response to a new Rx regimen
- Increase patient satisfaction; patients appreciate the convenience, ease, and thoughtfulness of samples

Ready when you are! Order samples through your account in just a few minutes:

- Access to leading brands not currently available to you today
- Easy to use; 3 minutes to register, 2 minutes to reorder
- 24/7 Internet access
- Order through XpressSign® for many brands

We do that!™

? VALUE

For Everything You Use Every Day...

HENRY SCHEIN® CRITERION® LP LIGHTLY POWDERED LATEX EXAM GLOVES

Non-sterile
Choose Criterion Latex for superior value. These low-powder gloves offer the grip and durability you need at a low price.

- Lightly powdered to assist in donning
- Bisque finish with excellent tactile sensitivity
- Beaded cuff for increased strength
- Maximum tensile strength to prevent tearing

Gloves 100/box
Specify:
X-small (102-5425)
Small (102-7597)
Medium (102-5426)
Large (102-5427)
X-large (102-5428)

HENRY SCHEIN® CRITERION® PC POWDER-FREE LATEX EXAM GLOVES

Non-sterile, Polymer Coated
Textured • Nonchlorinated • Certified
Protein Claim: ≤50 µg
Sets the standard in quality, powder-free gloves. Nonchlorinated, synthetic polymer coating eases donning. Textured finish for enhanced grip. Excellent tactile sensitivity.

- Powder-free gloves eliminate potential aerosolization of glove powder and powder-associated transfer of chemical allergens
- Multilayered and fusion bonded for enhanced strength and durability
- Microroughened texturing provides reliable wet or dry gripping while maintaining tactile sensitivity
- Beaded cuff
- White

Gloves 100/box
Specify:
X-small (102-5418)
Small (102-5419)
Medium (102-5421)
Large (102-6730)
X-large (102-5422)

HENRY SCHEIN® CRITERION® POWDER-FREE LATEX SURGEONS' GLOVES

Compare to Micro-Touch®
PF Latex Surgeons' Gloves

Sterile
Textured • Chlorinated • Certified Protein
Claim: ≤50 µg

Henry Schein's Criterion brand of latex surgical gloves helps eliminate powder-related complications and irritation, yet still provides outstanding quality and performance you would expect from a premium surgical glove. Advanced polymer coating on inside surface allows glove to don easily, even when hands are wet or damp. Supersoft latex film and anatomical design provide unprecedented comfort to reduce fatigue, even during the longest procedures. With a microtextured surface and an optimized tack level, these gloves provide excellent grip in wet or dry conditions and give user unmatched tactile sensitivity for precise work. They meet or exceed ASTM standards and are 100% air-inflation tested to ensure that strength, durability, and barrier protection are never compromised.

Gloves 50 pair/box
Specify:
5½ (104-6125)
6 (104-5073)
6½ (104-9218)
7 (104-3502)
7½ (104-3503)
8 (104-3563)
8½ (104-7315)
9 (104-7227)

HENRY SCHEIN® CRITERION® ALOE GREEN POWDER-FREE LATEX EXAM GLOVES

Textured • Chlorinated •
Certified Protein Claim: ≤50 µg

Provide an embedded aloe vera moisturizer that envelops your hands in soothing protection. These form-fitting natural latex gloves produce strong barrier protection while the glove's sure grip assists in any application.

Gloves 100/box
Specify:
Small (108-7850)
Medium (108-8553)
Large (108-7855)
X-large, 90/box (108-7856)

HENRY SCHEIN® CRITERION® POWDER-FREE NITRILE EXAM GLOVES

Non-sterile
Fully textured nitrile glove that offers excellent tactile sensitivity. Soft and stretchy, this nonchlorinated glove is the ideal alternative to latex.

Gloves 100/box
Specify:
X-small (111-8533)
Small (111-8535)
Medium (111-8536)
Large (111-8537)
X-large, 90/box (111-8539)

HENRY SCHEIN® CRITERION® PURE NITRILE POWDER-FREE EXAM GLOVES

Non-sterile, Accelerator-free
• Do not contain thiurams, carbamates, or thiazole
• Latex-free
• Textured grip
• Ambidextrous

Gloves 100/box
Specify:
X-small (900-4483)
Small (900-4484)
Medium (900-4485)
Large (900-4486)
X-large (900-4487)

HENRY SCHEIN® CRITERION® POWDER-FREE VINYL EXAM GLOVES

Non-sterile
Smooth • Nonchlorinated
Contains no natural latex, providing an excellent solution for those at risk of latex sensitivities.

- Supple touch for maximum tactile sensitivity
- Powder-free to eliminate glove-powder aerosolization

Gloves 100/box
Specify:
X-small (102-5721)
Small (102-6721)
Medium (102-5338)
Large (102-7319)
X-large (102-5377)

 **HENRY SCHEIN®**
Henry Schein, Inc. • 135 Duryea Road • Melville, NY 11747

Due to manufacturer price increases, prices are subject to change without notification. Offer valid on our full array of products, excluding flu vaccine and Synagis®. Upon any request by Medicare, Medicaid, Tricare or other payer, you must report the value of any benefit received from a discount program (e.g., points redemptions, gifts or other special awards). ©2010 Henry Schein, Inc. No copying without permission. Not responsible for typographical errors. No adjustments from prior sales. Offer not to be combined with other promotions and/or special contract pricing. Void where prohibited. Local regulatory requirements may apply to use or installation of certain products. It is your responsibility to understand and comply with any such requirements prior to purchase, use or installation of products.

 Printed on recycled paper.
