Now, ask yourself: Where am I now? How do I make this vision happen?
What's getting in my way?
What will I do to overcome my own barriers/obstacles?
Who do I need in my life to help me? Who do I need as a resource person or company?
What's getting in the way of me inviting these resources into my life?
Why?
What do I need to do to overcome my own resistance?
What will be the benefits of having resources/coaches/helpers in my life?
Will I do this?
When?
