

No assembly required

3M™ Attest™ Super Rapid Vaporized
Hydrogen Peroxide Clear Challenge Pack

VH2O2

Elevate your VH2O2 sterilization monitoring practice

Save time and reduce potential error with the 3M™ Attest™ Super Rapid Vaporized Hydrogen Peroxide Clear Challenge Pack including both a BI and a CI. It's the first and only preassembled VH2O2 test pack that can be used for routine monitoring and qualification across multiple sterilizer brands, models and cycle types.*

3M Health Care is now Solventum

Streamline sterilization workflow and inventory

The first ever preassembled VH2O2 test pack contains both a CI and BI

- ✓ Saves time and reduces chance for error—no need to assemble peel pouches
- ✓ Elevates your VH2O2 sterilization monitoring workflow to a similar level as steam sterilization best practices
- ✓ Preassembled design more accurately simulates the environment inside a surgical pack than using a stand-alone BI for load monitoring
- ✓ Validated across multiple sterilizer brands, models and cycle types, helping you save on inventory
